

A4 Flyer Artwork Template- Size 210mm x 297mm

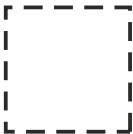

Bleed Area - 3mm

To avoid white edges on your flyers we cut off this area. Make your background continue into this area to allow for cutting tolerances.

Trim Line

We cut your letterheads along this line

Safe Area - 3mm

Keep all of your text, logos, etc, inside this area.
Not including your background, that extends into the bleed area.

If you are unsure how to create flyer artwork
from this template don't worry.

Our graphic designers can help & are waiting
for your call - telephone 024 7664 5400
